Be in front of your computer and connected to the Internet. You'll be watching your Financial Coach Mr. Jackman's screen.

Have your financial information together, as indicated on this sheet. If you have income or expenses we haven't mentioned, please add it.

Do everything you can to have your spouse or cohabiting partner with you for our 1-on-1 personal strategy session/webinar.

Mr. Jackman will call you at the appointed time, or within 20 minutes after, if he's still finishing up with a prior client. When he's on the phone with you, you will be his #1 and only focus, and he will not rush you to get to his next appointment.
